* The definition of "served" includes homeless children who have been served in any way through McKinney-Vento funds. Services would include both direct services, as outlined in Section 723 of the McKinney-Vento Act, and indirect services, such as those provided by a staff member whose position is supported through McKinney-Vento funds. Include preschool-age 3 through 5 year olds served by the subgrant program. Include those 3 through 5 year olds regardless of whether or not they are enrolled in a preschool program operated by an LEA, or in a preschool program where the LEA is an administrative or financial partner or has any accountability in serving the children.

** Student participation in a transitional kindergarten (TK) program must be reported via California Longitudinal Pupil Achievement Data System (CALPADS). LEAs are required to obtain statewide student identifiers for all kindergarten students, including TK students. Students participating in a TK program are enrolled in CALPADS with a grade level of kindergarten.
